

What the Tory Housing Bill Means for Cambridge?

- The City Council will be forced to sell at least 25% of their Housing stock!
- The money will compensate Housing Associations who are forced to sell houses under 'Right-to-Buy-2'.
- The City Council can't borrow against the value of their stock (£1.4Billion) in order to build New Council Housing.

We want the Tories to abandon their bill & devolve spending powers.
